

# K757W

**FLYTECH**

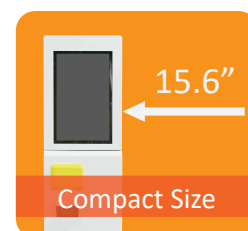

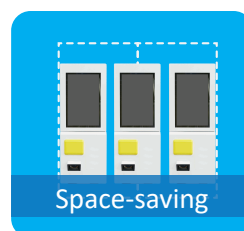

Ultrathin/ 3 Versions Optional Kiosk

## Design Highlights:

K757W is an ultrathin and stylish kiosk which can be use as Tower Kiosk, Wall-mount Kiosk or Desktop Kiosk to meet your demand. It is designed for the F&B as well as Retail applications, such as Queuing and Self-Payment. It leverages on Flytech's K757 Panel PC to provide a remarkable performance. We believe that even the smallest footprint in your shop, for you it must have great significance. K757W is dedicated to saving up further valuable shop space for you.

Its modularized design allows you to build your own kiosk from some optional peripherals, such as Octopus and/or Paywave Reader; RFID/NFC Reader; Thermal Receipt Printer; 2D Bar Code Scanner; EFT Device. You can enjoy not only the eye-catching and ultrathin body but also these practical functions to improve your business.
